

Editorial

Dear Colleagues

Greetings and I wish you all our readers and contributors a very happy new year, 2018

I am really happy in uploading the October-December, 2017 issue of the *INTERNATIONAL JOURNAL OF TEACHER EDUCATIONAL RESEARCH (IJTER)*, a monthly online open access journal, indexed as international journal in the Directory of Research Journal Indexing (www.drji.com). You can find IJTER available in all online repositories and data bases and also available in almost all the university libraries. The review committee has selected five papers for publication in this issue. Hope these papers will be very useful for many researches, teachers in the field of Education. Kindly extend your fullest co-operation and support for the development of this Journal. Please do not hesitate to share your comments and suggestions, if any, to fine tune this journal further. Again I request all the contributors to follow strictly the guidelines prescribed by IJTER while preparing research papers for submission. I take this opportunity to thank all the contributors for having provided support through their contributions.

With best wishes,

Dr.S.RAJASEKAR
Editor-in-Chief
IJTER
